**Subject:** Gloucester City Library Appeal

Docket 02-6

**Re Confirmation number 2100 89595691****Dear Mr. Nadel,**

The schools and libraries division has in their computers Form 471 #799205. They have parts 1-5 and 2 FRNs created on March 11, 2011 and Item 21 attachments created on March 21, 2011 (entire form resubmitted on May 5 as #822466). Case # 22-194738 holds information about our difficulties with the online application software error messages and assistance given to us to complete the online application.

On or about March 11, 2011 we were told by schools and libraries division that they had received parts 1 through 5 of Form 471. We understood this to mean that the form was submitted.

We did not learn from schools and libraries division that Block 6 certification was neither received nor "submitted" until after the filing deadline.

Please call me should you have any more questions.

Thank you for your kind attention.

Sincerely,

*Elizabeth Egan, Director  
Gloucester City Library
